

SHUVANKAR DHARA

I'm Shuvankar Dhara, a Btech student at Techno main salt lake, and I'm presently pursuing a degree in CSE(AI & ML). My fascination with computer began in my early years, and this curiosity about how they operate sparked my interest. I'm growing as a person right now and getting more interested in this.

EDUCATION

Bachelor Of Technology

Techno Main Salt Lake

9/2023 - Present

Course

■ CSE (AI & ML)

Diploma

The Calcutta Technical School

12/2020 – 07/2023

Course

■ Computer Science and Technology(8.9 gpa)

Higher Secondary

Amta Pitambar High School

06/2018 – 03/2020

Course

■ PCM (86.2%)

PROJECTS

Cloud Computing (04/2022 – 05/2022)

- A cloud application is an android app where cloud-based and local components work together. The application works as a student data management system.

Home Automation (04/2022 – 05/2022)

- The project is about home automation, which includes controlling the appliances using Arduino.
- We were creating a mobile interface to control appliances and a home structure to demonstrate the project.

CERTIFICATES

Ethical Hacking Essentials(EHE) (9/2022 – 10/2022)

The EC-Council's Ethical Hacking (EHE) program introduces students to the foundational ideas of information security and ethical hacking.

Tech Fast 2022 (05/2022)– 3rd runner up, The Calcutta Technical School
