

# SHUVANKAR DHARA

*I'm Shuvankar Dhara, a B.Tech. student at Techno Main Salt Lake, and I'm presently pursuing a degree in CSE (AI and ML). My fascination with computers began in my early years, and this curiosity about how AI works sparked my interest. I'm growing as a person right now and getting more interested in this..*

## SKILL

C

JAVA

Python

MySQL

HTML & CSS

Web testing

Linux

Android Development

Problem Solving

## LANGUAGE

- ENGLISH
- HINDI
- BENGLA (Native)

## INTERESTS

Cycling Photography

Traveling Drawing

## EDUCATION

### Bachelor Of Technology

Techno Main Salt Lake

9/2023 - Present

Course

■ CSE ( AI & ML )

### Diploma

The Calcutta Technical School

12/2020 – 07/2023

Course

■ Computer Science and Technology(8.9 gpa)

### Higher Secondary

Amta Pitambar High School

06/2018 – 03/2020

Course

■ PCM (86.2% )

## PROJECTS

Cloud Computing (04/2022 – 05/2022)

- A cloud application is an android app where cloud-based and local components work together. The application works as a student data management system.

Home Automation (04/2022 – 05/2022)

- The project is about home automation, which includes controlling the appliances using Arduino.
- We were creating a mobile interface to control appliances and a home structure to demonstrate the project.

## CERTIFICATES

Ethical Hacking Essentials(EHE) (9/2022 – 10/2022)

The EC-Council's Ethical Hacking (EHE) program introduces students to the foundational ideas of information security and ethical hacking.

Tech Fast 2022 (05/2022)– 3<sup>rd</sup> runner up, The Calcutta Technical School
